Description: Assists children from low-income families to prepare for entry into kindergarten. Children are provided with a variety of services. Their nutritional needs are met with the serving of healthy meals and planned activities which teach good eating habits. Our High/Scope curriculum offers children learning opportunities through active involvement with age-appropriate materials. Additionally, our staff supports the children's performance by addressing issues of self-concept, attention to task, following directions, independence, creativity and successful interaction with others. Attention is given to each child's developmental level, and programs are designed to meet his/her individual needs in the areas of physical, cognitive and social emotional growth. The program focus includes English language development for all children.
